

## Power tuning for your gaming mouse

All good things have a sound foundation. And it's got a name: The Mystify SpeedPad! Switch your gaming to overdrive by putting the Mystify SpeedPad under your mouse. No more surface wear, dirt or frayed edges. This specially designed mouse pad provides pure speed for gamers. Made for fast reactions, small and precise movements and exceptionally fine targeting accuracy

You'll see right away how smoothly effortlessly and accurately your mouse will perform on the SpeedPad. Practically effortlessly! The SpeedPad will save your energy and take the stress off your wrist. In short: An easy, true power tweak for your gaming mouse!

The mouse pad built to perfection for the needs of gamers, with a textured surface coating that provides optimised movement for all common mouse types. The special surface minimizes frictional resistance and, thanks to its generous size and its top-class gliding properties, guarantees absolute precision for control accuracy down to the pixel. The non-slip undersurface always ensures a tight hold.

And if you want to take a look, with its exclusive design, the Mystify SpeedPad even looks great. Incredibly robust and scratch-proof. And if, in the heat of the battle, you spill your energy drink, there's no problem. Just wash the pad with soap and water.
