

# NOXON A540

Internet radio and network music player for Hi-Fi systems

- Internet radio without a computer
- Over 14,000 radio stations free of charge from around the world, presorted by country and genre
- Listen to recorded programs (podcasts) and audio books whenever you want
- Receive music from computer hard drives and Network Attached Storage (NAS) units
- 43-cm Hi-Fi component in high-quality aluminium housing
- USB 2.0 port for external hard drives and memory sticks
- Digital and analogue audio output
- Three user-assignable and directly available station keys

With the NOXON A540 Internet radio, you receive online music and information from the whole world. Listen to something other than the monotonous programming of your local radio stations for a change. With over 14,000 stations worldwide, the NOXON A540 offers endless international variety. For example, you can listen to rock music from the USA or pop music from Africa, the news from Tokyo or comedy from Australia, the charts from Germany or podcasts from around the world. To make picking a station easy, everything is sorted by country and genre. Give it a try, there's so much to discover!

And it's really easy. First, connect the NOXON A540 to the Hi-Fi amplifier or the AV receiver. For this purpose, there is an analogue and a digital output available, suitable for any system. Then, the configuration wizard helps you connect to the network, whether it is wired (LAN) or wireless (WLAN). If your WLAN has security against unauthorised access, the key is entered conveniently during the installation. This gives you secure access to over 14,000 radio stations worldwide. By pressing the station keys, you can save your favourite stations directly and select them again quickly at any time. Want to play your music collection on your computer? No problem – if the computer is logged into the same network, the media library is shown on the generously sized display. This way, with the NOXON A540, listening to your favourite tunes is a cinch, no matter where your computer is.

Though the NOXON A540 offers the latest technology, operating it is as easy as child's play. The rotary knob with push function takes you through the different settings and stations. The ergonomic back button brings you to previous settings. In a matter of seconds you can go from Germany to Brazil, or wherever your musical journey takes you. You can enjoy music, podcasts, audio books – whatever you want – in the best Hi-Fi quality.

# NOXON A540

## Functions

- Internet radio without a computer
- Over 14,000 stations free of charge from around the world, sorted by country and genre
- Wide-ranging radio archive and podcast directory
- Receive music from computer hard drives and Network Attached Storage (NAS) units (UPnP)
- Support for common formats: MP3, WAV, WMA, AAC, AAC+, FLAC
- 43 cm Hi-Fi components in high-quality aluminium housing
- Three directly selectable station keys
- USB 2.0 port for external hard drives and memory sticks (FAT 32)
- Digital (optical, Toslink) and analogue audio output (cinch, RCA)
- Digital reception via LAN (cable) and WLAN (wireless)

## Connectivity / Data transfer rates

- Wireless Access Point (WLAN), 54 Mbps
- Ethernet RJ-45 (LAN), 10/100 Mbps

## Network security

- WEP encryption (64/128 bit key)
- WPA / WPA2 encryption
- WPS function

## Standards

- IEEE 802.11b/g
- IEEE 802.3, IEEE-802.3u
- UPnP / DLNA-compliant

## Data formats

- MP3 (all bitrates up to 48 kHz)
- AAC / AAC+ (all bitrates up to 96 kHz)
- WMA-9 (all bitrates) without copy protection or with Windows Media DRM10
- FLAC (up to 48 kHz)
- ID3 V1.0/V2.0
- M3U, PLS

## Connections

- Digital output (optical, TOS link)
- Line output (cinch)
- USB 2.0 (Type A)
- Network (RJ-45)
- WLAN antenna

## Requirements

- Broadband Internet access (DSL, ADSL, SDSL, cable)
- Wired network or WLAN access point
- WPA/WPA2 encryption (recommended)

## System requirements for access to the music library on a PC

- Windows XP, Windows Vista or Windows 7
- Network access (IEEE 802.11b/g, IEEE 802.3, IEEE-802.3u network adapter)
- Media server application (e.g. Windows Media Player)

## System requirements for access to the music library on a Mac

- Mac OS X 10.3
- Network access (IEEE 802.11b/g, IEEE 802.3, IEEE-802.3u network adapter)
- Media server application (e.g. Elgato EyeConnect)

## Mains adapter

- Internal switching power supply with European standard plug (230 V / 50 Hz)

## Size

- 430 x 90 x 300 mm (W x H x D)

## Weight

- 4310 g

## Colour

- Black

## Scope of delivery

- NOXON A540
- Remote control (with battery)
- WLAN antenna
- Power cable
- Cinch (RCA) cable (1.8 m)
- Manual (German/English)
- Quick Start manual (German, English, Spanish, French, Italian, Dutch)
- Service card
- My NOXON cards
