

# CINERGY Antenna XS

## Compact active DTT antenna

- Reception of DTT
- Optimized range and reception quality
- Low noise, low distortion
- With foot and wall mounting option

The Cinergy Antenna XS is a compact, active indoor antenna for DVB-T and DAB reception. Thanks to its optimized range, the Cinergy Antenna XS receives signals at exceptional quality with low noise and no distortion. The antenna is insensitive to interference from other networks. The Cinergy Antenna XS can be positioned vertically or horizontally to achieve optimum reception. The power can be supplied either through the USB connection or through the receiver's jack.

# CINERGY Antenna XS

## Technical Details

Frequency range

- VHF Band I 47- 68MHz
  - VHF Band III 174- 230MHz
  - UHF Band IV und V 470- 862MHz
  - L-band 1400- 1500MHz
- 
- Noise factor < 1dB
  - Insensitive to interference from GSM, WLAN etc.
  - Vertical and horizontal polarization
- 
- Power supply through USB or from receiver's phantom power
  - Power consumption approx. 35mA
  - IEC antenna jack (male, 75 Ohm)
  - Dimensions (WxHxD): approx. 100 x 180 x 20 mm
  - Weight approx. 250 g

## Scope of Delivery

Cinergy Antenna XS  
Base with mounting screw  
Antenna cable  
USB adapter cable for power supply
