Welcome!

We're pleased that you have chosen a TerraTec speaker system and would like to congratulate you on this decision.

With the HomeArena MX 5.1, you've purchased a new dimension in surround sound. We're convinced that our product will provide you with a great deal of entertainment and reliable service in the coming years.

Your TerraTec Team

Unpacking the system:

After you have unpacked the system, please ensure that it is complete.

You should have the following items:

- 1 subwoofer
- 1 Center speaker (3m cable length)
- 2 Front speakers (3m cable length)
- 2 Rear speakers (5m cable length)
- 5 wall mounts

- 4 audio connector cables, 3.5mm jack/RCA (1.8m)
- 4 audio connector cables, 3.5mm jack/3.5m jack (1.8m)
- 1 video game console adapter (3.5mm female jack to female RCA)

- 1 printed Quick Start Guide (D, NL, F, GB, I, ES)
- 1 customer service card

Service

In case you encounter unexpected problems during the installation, our support team is available by phone from Monday to Friday between 1:00 pm to 8:00 pm, Central European Time.

For more information, please refer to the included customer service card.

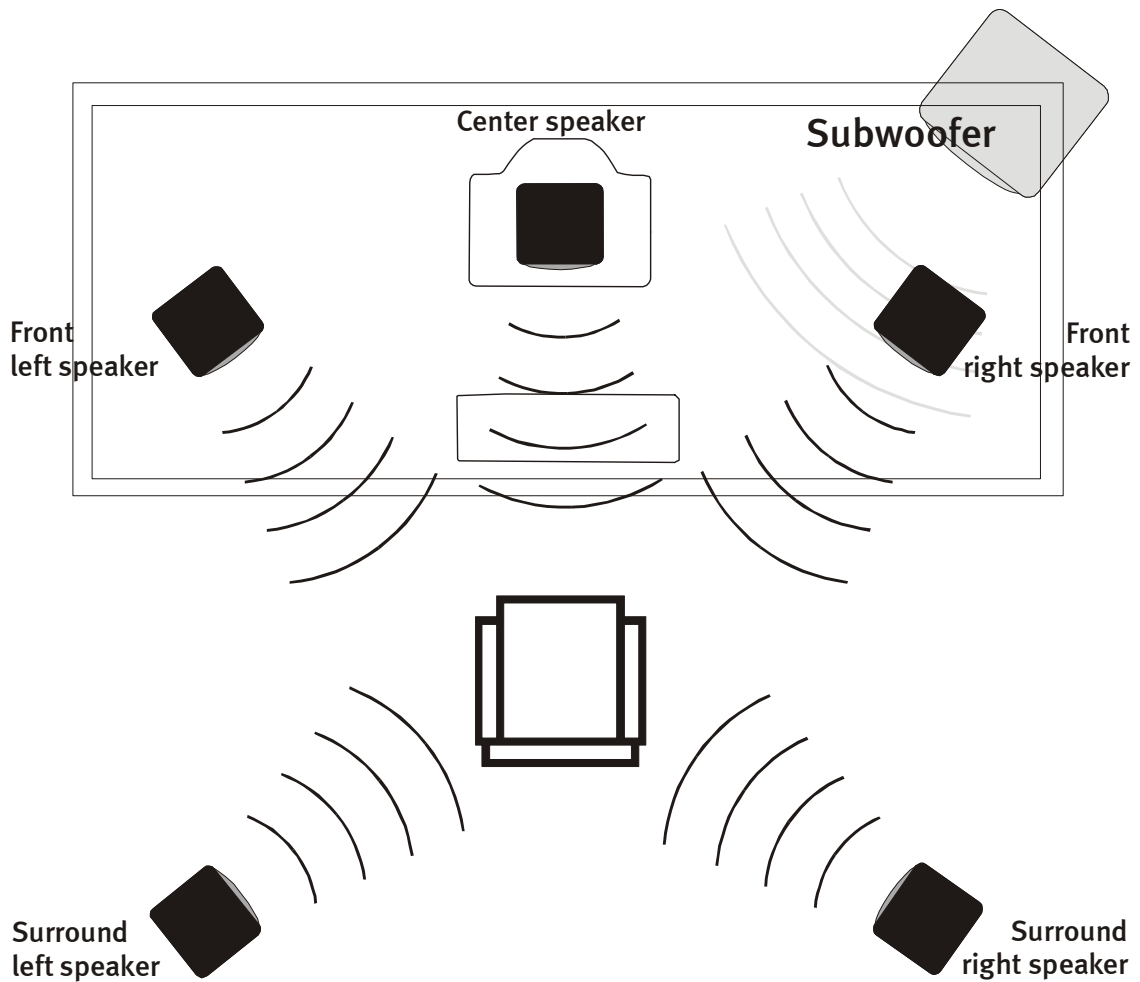

We would also be pleased to answer your questions online. For further information, please visit <http://www.terratec.net/support>.

Should it become necessary to return the product to our service department, please follow the detailed instructions on the customer service card. Thank you.

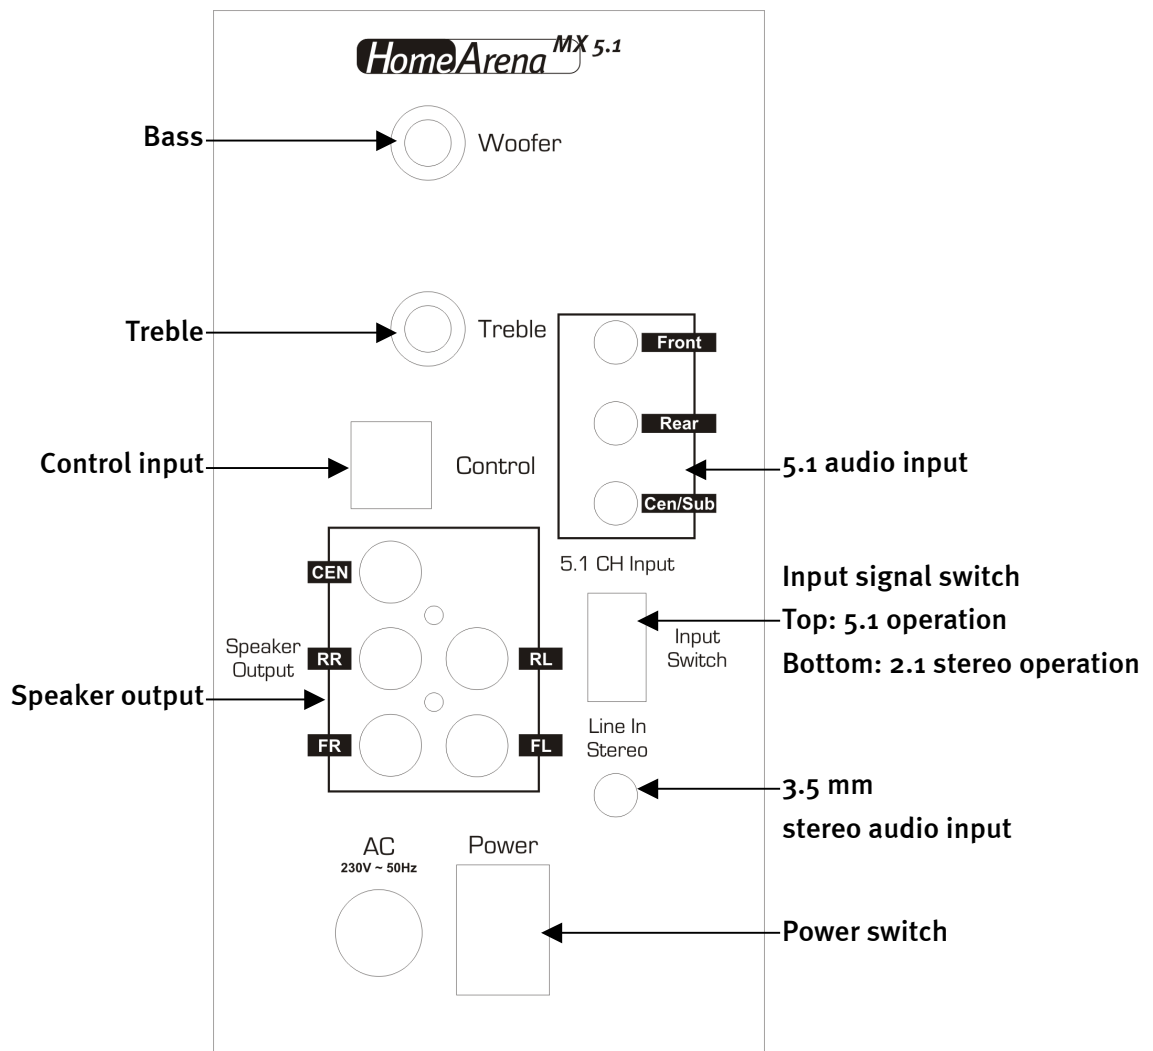

Design & operation:

Please ensure that the power is off when connecting any of the components. This will protect you from any possible - albeit weak - electrical shocks, as well as protecting your speakers and your hearing from sudden peaks.

For maximum surround sound pleasure, set up your HomeArena MX 5.1 according to the following instructions:

Please refer to the diagrams below for the connectors and controls of your HomeArena MX 5.1.

Please note that the speaker cables are color-coded.

Yellow = center speaker

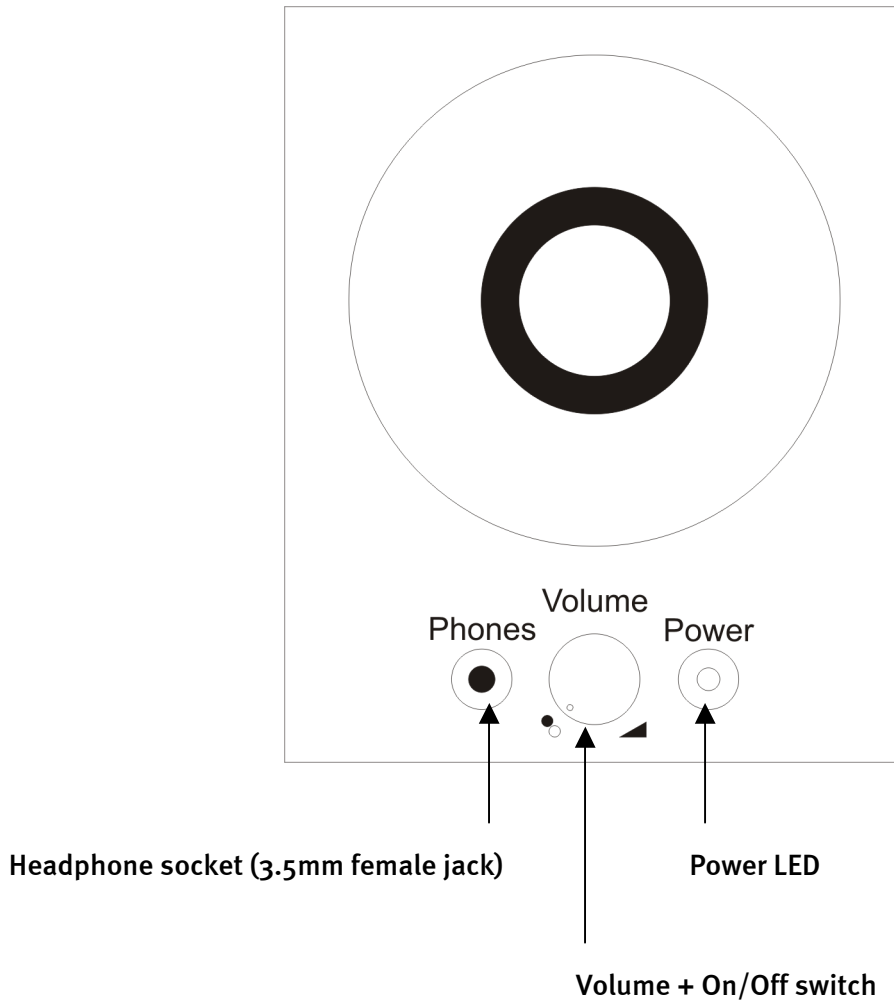

Blue = right rear speaker

Red = right front speaker

Green = left rear speaker

White = left front speaker

The center speaker:

The audio inputs:

You can also use stereo audio input as an alternative to 5.1 audio input. Simply flip the input signal switch. Your stereo sources will be distributed to all satellites via a 5.1 upmix so that you can still enjoy full surround sound.

Specifications:

Total output power: 37 watts RMS

Frequency response: 20 Hz – 20 KHz

Input impedance: 10 kOhm

Subwoofer:

- 1 x 4" (10.16 cm) Subwoofer
- 12 watts RMS
- 8 ohms impedance
- Wooden bass reflex enclosure
- Integrated amplifier
- 5.1 (6 channel) surround input (3 x 3.5mm jack)
- Stereo input (3.5mm jack)
- Audio controls (bass and treble)
- Power cable (1.8m)

Satellites

- 5 x 2.5" (6.35 cm) speakers
- 5 watts RMS each
- HIPS enclosures
- 4 ohms impedance
- Headphone socket, 3.5mm jack
- Volume control and power switch on center speaker

Dimensions

- Subwoofer (W/H/D) : 130x267x255mm
- Satellites (W/H/D): 85x110x105mm

Power supply:

- 230V/50Hz, integrated in subwoofer

System requirements

- PC with sound card or other audio source (MP3 player, DVD player, video game console) with line level output

Safety notes

1. Do not connect the subwoofer's outputs to an external amplifier
2. Do not open the housing, high voltages occur inside
3. Do not expose to direct sunlight, protect against rain or spray
4. Switch off and unplug the AC power supply of the HomeArena5.1 if you are not going to use it for extended periods.
